DESTACAMOS DESDE LA REGIÓN DE MURCIA

Región de Murcia

Reunión del consorcio de HYGEIA Project

hygeia Erasmus+

El pasado día 21 de septiembre Murcia acogió el consorcio del proyecto europeo HYGEIA en su 3ª reunión traslacional, por primera vez presencial tras la pandemia por COVID-19. En la misma se ha revisado el progreso del proyecto, que ha completado ya 21 meses, y el trabajo conjunto centrado en varios resultados, como el análisis de necesidades, el manual de higiene y la aplicación móvil.

JA ImpleMENTAL organiza la formación "The SUICIDE RISK CODE – Model of continuity of care in Spain

La primera formación dentro del Paquete de trabajo 6 (WP6 – Prevención del suicidio), de la JA ImpleMENTAL **"El CÓDIGO DE RIESGO DE SUICIDIO – Modelo de continuidad asistencial en España", tendrá lugar online (vía Zoom) el 29/09/2022 de 9 a 13:00 MET.** Está prevista **una sesión de seguimiento de esta formación,** también vía online, **para el día 7/10/2022 de 9 a 11:00 MET.**

JA ImpleMENTAL
JA on Implementation of Best Practices in the area of Mental Health

3rd Health Programme

CHERRIES Murcia | co-creation and innovation in the regional healthcare sector

Fecha: 4/10/2022 (11:30h)
Lugar: Parque Científico de la Región de Murcia
Asistencia es gratuita, previa inscripción.
Organiza: Proyecto europeo CHERRIES

CONVOCATORIAS

Horizon Europe 2021-2027
CLÚSTER SALUD: Actualización sobre hitos y fechas clave

EIC – CONSEJO EUROPEO DE INNOVACIÓN
EIC Pathfinder Challenge: Cardiogenomics
EIC Pathfinder Challenge: Towards the Healthcare Continuum: technologies to support a radical shift from episodic to continuous healthcare
Cierre: 19/10/2022

COST – European Cooperation in Science & Tecnology
Open call
Cierre próxima recolección : 20/10/2022 (12:00h CET)

LISTADO DE LAS CONVOCATORIAS ABIERTAS DEL ÁMBITO BIOSANITARIO

TE PUEDE INTERESAR

Adopción propuesta para una Recomendación del Consejo Europeo sobre el cribado del cáncer y Misión Cáncer

El pasado día 20/09/2022 se adoptó la propuesta de la Comisión Europea para una Recomendación del Consejo sobre el cribado del cáncer: "Propuesta de Recomendación del Consejo sobre el refuerzo de la prevención mediante la detección precoz: Un nuevo enfoque sobre el cribado del cáncer", acompañada por su anexo y el informe de la consulta pública asociada. Además, se incluyen dos fichas resumidas (aproximación y situación), así como material promocional, que pueden ser de su interés.

EVENTOS INTERNACIONALES

Semana Europea de las regiones y las ciudades

Fecha: **10-13/10/2022** Lugar: Bruselas + virtual
Asistencia gratuita, previa inscripción.
Organiza: Comisión Europea y Comité Europeo de las Regiones

Proyecto europeo CHERRIES es socio oficial de la Semana Europea Regiones y Ciudades 2022

Los socios del consorcio EBN, ZSI, la Fundación Activa y la **Región de Murcia** estarán compartiendo ideas y reflexiones resultantes de casi 3 años de actividades del proyecto, dedicadas a explorar enfoques de innovación responsables y basados en la demanda en el sector de la salud regional.

Europe's Beating Cancer Plan
where are we now?

20 SEPTEMBER 2022

#EUCancerPlan #HealthUnion

Cancer is the primary cause of death for Europeans under 65. Every year around 2.7 million people living in the EU are diagnosed with cancer. The lives lost to cancer in the EU are set to increase by more than 24% by 2035. But 40 % of cancers can be prevented. A lot can be done! **Europe's Beating Cancer Plan** was launched in February 2021 and sets out the Commission's renewed commitment to prevent cancer, support equal access and improve the lives of all those who touched by this disease.

10 FLAGSHIP INITIATIVES

▸ NEW TECHNOLOGIES, RESEARCH AND INNOVATION

1. **European Commission Knowledge Centre on Cancer**
   launched in June 2021
2. **European Cancer Imaging Initiative**
   Work started on atlas of cancer-related images

▸ SAVING LIVES THROUGH SUSTAINABLE CANCER PREVENTION

3. **Eliminate cancers caused by Human papillomavirus**
   - ✓ Joint Action on HPV vaccination launched in February 2022

▸ IMPROVING EARLY DETECTION OF CANCER

4. **EU Cancer Screening Scheme**
   - ✓ Proposal to revise the Council Recommendation on Cancer Screening published in September 2022
   - ✓ Scientific opinion of the Group of Chief Scientific Advisers and other contributions published in March 2022
   - ✓ Call for evidence published in February 2022

▸ ENSURING HIGH STANDARDS IN CANCER CARE

5. **EU network of National Comprehensive Cancer Centres**
   - ✓ Launched in December 2021, grants given to Member States
6. **Cancer Diagnostic and Treatment for All**
   - ✓ Call for proposals launched in 2022
7. **European Initiative to Understand Cancer**
   - ✓ Coordination and Support Action launched in 2022

▸ IMPROVING THE QUALITY OF LIFE FOR CANCER PATIENTS, SURVIVORS, AND CARERS

8. **Better life for cancer patients' initiative**
   - ✓ Report on 'Access to financial services for persons with a history of cancer', including the right to be forgotten published in May 2022
   - ✓ Work started on a code of conduct

▸ REDUCING CANCER INEQUALITIES ACROSS THE EU

9. **European Cancer Inequalities Registry**
   - ✓ First phase launched in February 2022

▸ PUTTING CHILDHOOD CANCER UNDER THE SPOTLIGHT

10. **Helping Children with Cancer Initiative**
    - ✓ EU Network of Youth Cancer Survivors launched in February 2022
    - ✓ New section on Paediatric Cancers added to the European Cancer Information System

Europe's Beating Cancer Plan

A new EU approach to cancer screening

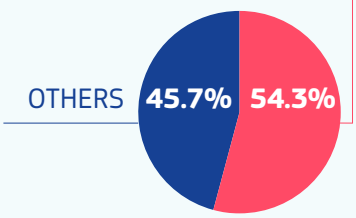

20 SEPTEMBER 2022

#EUCancerPlan #HealthUnion

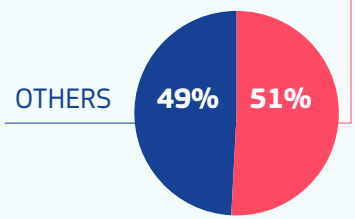

Early detection through cancer screening reduces the impact of cancer and saves lives. Up-to-date screening recommendations are a crucial element of the new EU cancer screening scheme, a flagship initiative of Europe's Beating Cancer Plan. This is another step towards to a strong European Health Union.

NEW CANCER DIAGNOSES ESTIMATED IN THE EU IN 2020

DEATHS CAUSED BY CANCER IN THE EU IN 2020

WHAT IS CANCER SCREENING?

- The use of simple tests across a healthy population to identify those individuals who have a disease, but do not yet have symptoms.

A MODERN APPROACH TO IMPROVE EARLY DETECTION OF CANCER

Up-to-date EU recommendations based on the latest technology, scientific developments and evidence in three key areas: **access, quality, and diagnostics**.

WHAT ARE THE NEW EU RECOMMENDATIONS?

Extending access to targeted cancer screening for breast, colorectal and cervical cancers along with a step-by-step approach to introducing prostate, lung and gastric cancer testing.

BREAST CANCER lowering the age for screening to women aged 45-74, plus MRI scans for those with very dense breasts	HPV testing for women aged 30 to 65, every 5 years or more, to detect **CERVICAL CANCER**, taking account of HPV vaccination status	Triage testing for **COLORECTAL CANCER** in people aged 50 – 74 through faecal immunochemical testing (FIT) to determine follow-up via endoscopy/colonoscopy
LUNG CANCER testing for current heavy and ex-smokers aged 50 – 75	Prostate specific antigen testing for **PROSTATE CANCER** in men up to 70, plus MRI scans for follow-up	In places with high **GASTRIC CANCER** incidence and death rates, screening for Helicobacter pylori and surveillance of precancerous stomach lesions

ACCESSIBILITY AND REDUCING INEQUALITIES

Target: **90%** of the EU population qualifying for breast, cervical and colorectal cancer screenings to be **offered screening by 2025.**

THE UPDATED RECOMMENDATION IS COMPLEMENTED BY:

Updated and new EU **screening guidelines** and **quality assurance schemes**

Improved **monitoring** and **exchange of data** through the European cancer information system and European Health Data Space

EU FINANCIAL SUPPORT: INVESTMENT IN PUBLIC HEALTH SAVES LIVES

- Better screening means better public health and less burden of cancer on society
- Overall economic impact of cancer in the EU is more than € 100 billion

- ▸ **€ 38.5 million** committed under the EU4Health programme
- ▸ **€ 60 million** via Horizon Europe
- ▸ Cohesion Policy Instruments
- ▸ Recovery and Resilience Facility

▸ ADVICE FROM THE EUROPEAN COMMISSION'S GROUP OF CHIEF SCIENTIFIC ADVISORS
